

YOU TURN ME ON LIKE A RADIO

By: Mel Gibson

(Words & music by Bob McDill and Jim Weatherly)

Baby, deep in the night you touch me
When the mood is right, you reach out
And switch on a light in me
And somethin' starts to glow inside
And I feel the heat start to rise
I'm as helpless as any man can be

You turn me on like a radio
Baby then you play me soft and low
You know how to make the music flow
Deep in my soul
Baby you know just how to keep the signal strong
You got me tuned in all night long
Whenever you want, oh you turn me on
Like a radio

Baby, when the room is dark
You touch me and I feel a spark
I hear that old song start to play
And softly it fills the room
And each time that I hear that tune
I know, it's gonna take me away

You turn me on like a radio
Baby then you play me soft and low
You know how to make the music flow
Deep in my soul
Baby you know just how to keep the signal strong
You got me tuned in all night long
Whenever you want, oh you turn me on
Like a radio

(Repeat chorus)
