IF WE DON'T USE LOVE
By: Mel Gibson
(Words & music by Richard Wold, Tom Long and Kim Tribble)

It seems we're running on a kiss and a prayer
With no time for us, no time to stop and care
Is the sacrifice we give too much
Are the things we gain worth losing love
Who knows why...Who knows how
We've got so out of touch

If we don't use love, we're gonna lose love
Our hearts need to race from time to time
If we don't use love, we're gonna lose love
Let's get back to me and you tonight

Is it lost, or will it all come back around
I can't believe we've forgotten how
Will love live, or will it die
We'll never know if we don't try
A little time and tenderness
Could bring us back to life

If we don't use love, we're gonna lose love
Our hearts need to race from time to time
If we don't use love, we're gonna lose love
Let's get back to me and you tonight

Our hearts still need to race from time to time
If we don't use love, we're gonna lose love
Let's get back to me and you tonight
Let's get back to me and you....tonight
